

NUPOC Gallery: Exhibition Space

NUPOC aims to improve the quality of life for persons who live with a physical impairment. The NUPOC Gallery is prominently located in the NUPOC foyer and recognizes artistry that is intrinsic to Prosthetics and Orthotics and the intersection of science, technology and art. NUPOC invites Artists to submit images of their original work for consideration.

Dimensions of Exhibit Space

The exhibit space is neutral white. Note the exhibit space dimensions:

- 1) The exhibit wall is 21-feet long, 52-inches high in a recessed alcove.
- 2) The recessed alcove is 16.75-inches deep (at 21-inches from the ceiling and 23-inches from the floor)
- 3) The exhibit space features five (5) equidistant top lights.

Hanging System

Ten (10) adjustable J-hooks are available to hang from a top rail. Each J-hook hanger has 33-lb weight tolerance.

Submission of Artworks for Consideration

As space allows, NUPOC accepts professionally prepared, ready-to-hang paintings, prints, photographs, sculptures, and mixed media. Thematic and stylistic unity is welcome, but not required. Please submit images of artwork as JPG or PNG; or provide a link to your proposed exhibit portfolio to r-garrick@northwestern.edu. Alternatively, call R. J. Garrick, PhD, at 312.503.5700 to make an appointment for portfolio presentation. NUPOC reserves the right to review, select, or reject exhibition pieces in its sole discretion.

Duration of Exhibit

The duration of NUPOC Gallery exhibits is usually two (2) months, depending on the schedule of NUPOC and the Artist.

Supporting Materials

NUPOC works with Artists to develop exhibit text, museum tags, etc. Artists will provide a Biographical Sketch or Artist Statement and a digital photograph of the Artist. Exhibit tags identify each work by size, title, date, media, price, and, if available, additional information about the intent, meaning, and circumstances of creation.

Publicity

NUPOC will disseminate information about the Artist and his/her exhibit on the [NUPOC website](#) and on the Northwestern University public events calendar, [Plan-it-Purple](#). NUPOC Gallery is not a sales point; however, Artists are welcome to make their and their gallery's contact information available so that interested parties can contact them directly.
